Y3 Curriculum Overview

Autumn Term 2

MATHS	History	Geography
Multiplication and Division Children are learning how to multiply a two-digit number by a one-digit number, such as 45 x 3, using a range of mental and informal methods. They will use objects, drawings, diagrams and formal written methods.	**Ancient Sumer** This term children will be learning about the Ancient Sumer Civilisation. We'll be looking at lifestyle, art and writing of the ancient Sumerians. We will also look at cradles of civilisation and similarities between civilisations.	**Mountains** This term we will be learning about mountains. The children will explore both mountains in the UK and the Andes. They will be able to explain the difference between a hill and a mountain.

ENGLISH		RSE	DT	PE
  Stone Age Boy By Satoshi Kitamura	 **The 13-Storey Treehouse** by Andy Griffiths	**Caring friendships and Responsibilities** As part of their RSE learning this term, children will be identifying positive things about themselves and others, they'll be exploring how they can make their school community a better place and why are rules important to have in school.	**Eating Seasonally and Nutrition** In DT this term, children will be learning about where food in the supermarkets come from and why eating seasonally is important. They will design a simple recipe using local, seasonal ingredients which they will follow to make something delicious and healthy at the end of the unit.	**PE day: Monday** **Basketball** Students will work on their skills with manipulating the ball using both hands, passing and shooting in a variety of ways. Students will learn the simple rules of a 5 v 5 formatted game and how to mark players with non-contact.
Children will be using these stories to write for different purposes. This half term they are writing instructions, character descriptions, narratives, instructions, newspaper reports, as well as poems.				

COMPUTING	RE	SPANISH	SCIENCE
Coding This term in Computing, children will be able to learn the basics of coding using Purple Mash.	**Hinduism** The children will be exploring the Hindu religion following the ancient story of Rama and Sita.	**Body parts** In Spanish this term, children will be learning how to say and describe different body parts.	**Light and Shadow** In this unit of study, children will carry out investigations and work scientifically to learn about how light travels, reflected light and how shadows are formed.
